Joseph will do everything he can to help by taking pictures ahead of time if possible, during the installation if not done ahead. He would also encourage members to photograph their own work, particularly if it will go under glass. Taking it before framing will avoid the reflection problems. If your photos don't look good, he will edit them in Photoshop. To submit or for questions, email him at: [forthill35@verizon.net](mailto:forthill35@verizon.net).

We know that many people have their own art cards. If you would be interested in donating a few to the guild for various occasions, please let us know.
